New Roles for Purdue Librarians Archives & Special Collections

Tsinghua
University
Centennial

Partnering with Purdue Press, Academic Departments and Units

Building Archival Collections for Teaching & Research

- Renovated spaces in Libraries. Provost Office contributes \$1M to develop two new classrooms in Hicks Undergraduate Library, Summer 2012

Participation in other academic learning space projects on campus (residence halls, Honors College, Center for Student Excellence and Leadership)

Participation in campus-wide conversations/recommendations for learning space needs and computing and technology needs for students

- Vice Chancellor for Research contributes funding for positions in Libraries to further PURR implementation, Spring 2012

Librarians now involved earlier in the scholarly communication cycle, aligned with strategic plan

Successful data management plans for NSF proposals

Increased participation in campus-wide conversations on computing and technology needs of faculty

Thank you!
